PERMIT CONDITIONS

USDA-APHIS issues this permit to Dewey Murray, USDA APHIS PPQ, 3640 E. Weir Ave., Phoenix, AZ 85040. This permit authorizes the interstate movement of Cyrtobagous salviniae by/ from the Permit Holder Dewey Murray, USDA APHIS PPQ, to California and further authorizes the release of C. salviniae into the environment in California.

- This permit is issued by the United States Department of Agriculture's Animal and Plant Health Inspection Service (APHIS). It conveys APHIS regulations and requirements for the material(s) listed on this permit. It does not reduce or eliminate your legal duty and responsibility to comply with all other applicable Federal and State regulatory requirements.
- The permit number or a copy of the permit must accompany the shipment.
- You must be an individual at least 18 years old, or legal entity such as partnership, corporation, association, or joint venture.

Permit Number P526P-19-01319

THIS PERMIT HAS BEEN APPROVED ELECTRONICALLY BY THE FOLLOWING
PPQ HEADQUARTER OFFICIAL VIA EPERMITS.

WARNING: Any alteration, forgery or unauthorized use of this Federal Form is subject to civil penalties of up to \$250,000 (7 U.S.C.s 7734(b)) or punishable by a fine of not more than \$10,000, or imprisonment of not more than 5 years, or both (18 U.S.C.s 1001)

- You are legally responsible for complying with all permit requirements and permit conditions.
- If you violate any applicable laws associated with this permit, you may face substantial civil or criminal penalties. We may cancel all current permits and deny future permit applications.
- Without prior notice and during reasonable hours, authorized Federal and State Regulators must be allowed to inspect the conditions associated with the regulated materials/organisms authorized under this permit.

2. The permit holder must:

- maintain a valid PPQ526 permit so long as the regulated materials/organisms are received, handled, and released,
- take appropriate precautions to release regulated materials/organisms only at intended release sites,
- not assign or transfer this permit to other persons without APHIS PPQ authorization,
- maintain an official permanent work assignment, residence, or affiliation at the address on this permit,
- notify the Pest Permit Staff as soon as possible of any change in the permit holder's work assignment, residence, or affiliation,
- notify the Pest Permit Staff of the receipt of unauthorized and/or misdirected shipments of regulated materials/organisms.

Notifications to the Pest Permit Staff must be made via 866-524-5421 or pest.permits@aphis.usda.gov within one business day of the event triggering a notification.

3. All packages for transport must minimally consist of both inner/primary and outer/secondary packages securely sealed so that both are effective barriers to escape or unauthorized dissemination of the listed materials/organisms. The inner/primary package(s) will contain all regulated materials/organisms and must be cushioned and sealed in such a way that it remains sealed during shock, impact, and pressure changes that may occur. The outer/secondary shipping container must

WARNING: Any alteration, forgery or unauthorized use of this Federal Form is subject to civil penalties of up to \$250,000 (7 U.S.C.s 7734(b)) or punishable by a fine of not more than \$10,000, or imprisonment of not more than 5 years, or both (18 U.S.C.s 1001)

be rigid and strong enough to withstand typical shipping conditions (dropping, stacking, impact from other freight, etc.) without opening.

Place a copy of this permit with each shipment.

4. The list of permitted organisms and the source (origination of organisms and shipments) are exclusive:

This permit authorizes the interstate movement of only the organisms listed under "Regulated Article" above, and does not authorize other species.

All such organisms received must be directly from sources/localities within the Continental U.S. (excludes HI and territories of the U.S); that is they must be from laboratory colonies located within the Continental U.S. or must have been field collected from sites located within the Continental U.S.

5. No propagative host plant parts are to be included in the shipments of approved organisms unless these organisms normally live within a propagative plant part.
6. Upon receipt and/or prior to releasing Regulated Articles in the field the following safeguards must be performed:

Identity of regulated articles intended for release shall be verified upon receipt by a qualified individual, and/or such verification may be performed by a qualified Federal or State cooperator prior to shipment.

Associated host plant parts only shall be separated (garnered) from other biological and non-biological materials in the shipment (contaminants) by a reasonable and effective means which results in elimination and minimalizing of contaminants released in the field.

All such contaminants culled from received shipments shall be destroyed or at minimum double bagged and submitted to the municipal/ local waste stream.

7. The permit holder and those he/ she designates are authorized to transport regulated organisms interstate to California by motor vehicle.
8. The permit holder shall document and retain records of all releases, and make them available to USDA APHIS upon request.
